Dear Members of the ABC District,

The Alberta Security Commission (ASC) published a Notice of Hearing on June 27, 2018 which makes allegations against the following, and names each as respondents: the Lutheran Church – Canada, the Alberta-British Columbia District; Lutheran Church – Canada, the Alberta-British Columbia District Investments Ltd.; and five individuals who served as officers, directors, or employees of the Alberta-British Columbia District.

We remind you to review the press regarding this matter with a critical eye as:

1. The Notice of Hearing does not contain conclusions and is not a report. It is a summary of the allegations made against the District and others which the District will have an opportunity to respond to;
2. The Notice of Hearing, like any other document created and publicly issued at the start of a legal proceeding, is the first of many steps which will lead to this matter being concluded. Among the steps which have yet to be taken are and/or may be: the collection of evidence, the District's own investigation, attempts to resolve matters, and a hearing; and
3. The issuance of the Notice of Hearing indicates that this matter is at a very preliminary, and pre-hearing stage. Much like when news readers end reports by advising the listener that none of the allegations have been proven in Court; we ask that you please remember that none of these allegations have been proven at this time.

In a complex financial situation as that faced by the Alberta-British Columbia District, it is prudent to withhold judgment until all the evidence and fact has been collected and presented.

We request that you continue to keep this situation in your prayers.

The Alberta-British Columbia District Board of Directors
